Prophecy To My Church In Atlanta

"My beloved Church in Atlanta, I remember the days of yesteryear when you were valiant for the truth, preaching My Gospel all over the city. Now you want nothing to do with it but have graduated to other things, the things of the world. Repent from where you have fallen, to the love of money and the things of the world has replaced Me in your hearts. Oh My Church, repent of your sin galore, the world has overtaken Me in your hearts and you want nothing to do with My Gospel. Consider the millions going to Hell around you that you want nothing to do with because the world and the things of the world has replaced Me in your hearts. The time is coming when no man can work, the night is fast approaching when no man can work. Preach My Gospel, and go overseas to the lost, for the time is short when no man can do My will. Oh repent, oh wicked, sinful Church, and return to your first works. Your LORD has spoken, amen."

<u>The Covetousness Of My People</u> "My people in the Church are very covetous. They refuse to do My will. All they think about is money, not Me, My son. They shall be turned into Hell. All they think about is themselves. My people are very covetous, My son. All they want is stuff, not My will, My son. I called them to do My will, but their hearts are stuck on materialism. That's all they want is more stuff, and the money for it. Their hearts go a whoring after their idols of the heart, for they love them more than Me, and will not give them up. Wicked people, they have perverted My Gospel of Jesus Christ into covetousness. Each one is bent on their gain for more. That is all they think about. My son, My people are full of praise for Me. I detest their worship because their hearts are full of covetousness. All they can think about is self, because their hearts are far from Me. So far away are they from Me that they will never repent and do My will for their lives. My people are given to covetousness in this greedy age, from prophets and pastors down to the common man on the pews of the church. All they can think about is themselves and their covetousness, not Me. I shall take it all away with disasters, so that their idols will fall. So then maybe they will return to Me, My son. Your LORD has spoken, amen."
